

Daide Esercito

Introduction

One day, this prelude ... as far back as I can remember, I was lifting the pans' lids of my mother and my grandmothers ...I was going with my father harvesting vegetables from the garden. The nature's love, family and friends' dinners in a festive atmosphere, are the source of my passion for simple and warm cuisine.

Local products, respect of the seasons, the balance between authenticity and the contemporary, the development of the senses, a generous heart, being sensitive ... these are the essential ingredients in order to prepare tasty food.

My brigade and I adopt all these values to share with you, the time of a meal, our passion, the history of our life ...

Enjoy your meal !

Yours sincerely,

Executive Chef Davide Esercito
